

A Guide for Implementing HPV Self-Collection for Cervical Cancer Screening

Developed by John Lin at the University of Washington (with support from NCI grants) in collaboration with researchers Jane R. Montealegre at The University of Texas MD Anderson Cancer Center and Jasmin A. Tiro at the University of Chicago, A Guide for Implementing HPV Self-Collection for Cervical Cancer Screening distills the extensive combined experience of the authors into a concise manual accessible to clinics and healthcare organizations of all sizes.

Materials include:

- Main document: A guide for implementing HPV self-collection for cervical cancer screening
- Sample template: Workflow diagrams, clinic staff tip sheet, clinic staff training slide deck available via URL in HPV self collection Guide

How to License

Our tools can be accessed by individuals or organizations by executing a license agreement.

How to License:

Preview the terms at right.

Click the "Order Now" button.

Enter your contact information.

Submit your request.

Getting Access

Once the agreement has been executed and approved by a member of our team, downloadable content will be made available to your account for use per terms of your agreement. To download content, go to the CoMotion website and select the "Sign-in" link in the upper right corner of the page. Once signed in, click your account name in the upper right-hand corner and select the MY DOWNLOADS link. From this page, you will find downloadable content. Please note workflow diagrams will be available via URL in the HPV self collection Guide.
