PyRosetta

PyRosetta is only licensed to entities that have a Rosetta™ license

PyRosetta is a version of Rosetta implemented with a Python interface and developed primarily by Jeffrey Gray's Laboratory at Johns Hopkins University.

PyRosetta is available for Mac (64-Bit OS X v10.5+) and Linux (64-Bit Red Hat and 64-Bit Ubuntu) platforms in continuous release versions. 64-Bit Windows-7 are also available.

For more information: http://www.pyrosetta.org/

You can get a license to download Rosetta here: Rosetta.

International Requests:

University of Washington agreements require additional review if the requesting entity is located in, or affiliated with the government of, China (Including Hong Kong; not including Taiwan), Iran, North Korea, Russia, or Syria. For requests from these countries, please **allow for an additional month of processing time** for a response.

Available Licenses

Non-Commercial License Agreement:

Available at GitHub at:
https://github.com/RosettaCommons/rosetta/blob/main/LICENSE.PyRosetta.md

PyRosetta Software Site License (less than 200) - Commercial

For a download of PyRosetta (less than 200+) : For companies with global full time employees equal or less than 200

To license this product commercially, download the applicable license document from the "Supporting Documents" section below. Fill out the necessary fields, obtain the appropriate signatures, and send the completed document to UW CoMotion at license@uw.edu for final review and signature.

PyRosetta Software Site License (200+) – Commercial

For a download of PyRosetta (200+) : For companies with global full time employees above 200.

To license this product commercially, download the applicable license document from the "Supporting Documents" section below. Fill out the necessary fields, obtain the appropriate signatures, and send the completed document to UW CoMotion at license@uw.edu for final review and signature.

PyRosetta Software Site License (200+) – First Time Licensee Commercial

For a download of PyRosetta (200+) : For companies with global full time employees above 200 and have no prior license to Software – these will qualify for the ramp fee structure -- 30% Annual License Fee for the first year and full rate every year after.

To license this product commercially, download the applicable license document from the "Supporting Documents" section below. Fill out the necessary fields, obtain the appropriate signatures, and send the completed document to UW CoMotion at license@uw.edu for final review and signature.

**Please note that the pricing is not based on the number of users, but the total number of FTEs at the company, globally. We do not review or accept changes to the language in the license agreement, including but not limited to annual license fees. The license agreement is to be signed as-is after company information is filled in.
